Private and school walking, bus, and trolley group tours are available. Please contact [info@preservetheburg.org](mailto:info@preservetheburg.org).

*\*Bicycles can be provided*

# TOURS OFFERED

## DOWNTOWN HISTORIC WALKING TOUR

Walk through the heart of downtown and the Downtown National Register Historic District, seeing 1920 boom-era hotels, stately historic churches, and other architectural gems that make St. Pete special. Learn about the beginnings of our city in the 1880s and experience how the city has embraced its past to become a vibrant, cultural, and tourist destination.

## HISTORIC WATERFRONT WALKING TOUR

Walk along one of the country's most beautiful, urban, and historic waterfronts. It's history includes being home to the world's first airline in 1914 and home base for Babe Ruth's and Lou Gehrig's New York Yankees spring training. Hear stories about how civic visionaries transformed a working waterfront into the jewel you see today, and get a chance to take a taste from the fountain of youth—no doubt you will feel younger by the tour's end.

## BICYCLES, BUILDINGS AND NEIGHBORHOODS

A bicycle tour is a great way to see the city. Our monthly bicycle tours offer a leisurely 2+ hour ride with numerous stops that look at some of the 'Burg's unique history. We've partnered with Coast Bike Share, meaning it's simple to come along whether you bring your own bicycle or borrow one of theirs.

## HISTORIC NEIGHBORHOOD WALKING TOUR

St. Pete is lucky to have a collection of traditional and historic neighborhoods that have maintained their character and sense of place. Preserve the 'Burg offers tours through many of these special neighborhoods on a rotating basis.

## HISTORIC KENWOOD WALKING TOUR

Experience the character of Historic Kenwood, one of the country's premier bungalow neighborhoods, led by local residents. These tours often include a peek inside one of the neighborhood's restored bungalows. After the tour, guests can have lunch at the Craftsman House, the neighborhood's original model home, or from one of the many other local restaurants in the adjacent Grand Central District.

## HISTORIC GULFPORT WALKING TOUR

Stroll through funky, artistic and Historic Gulfport for a tour that looks at this small town on Boca Ciega Bay and its collection of historic commercial and residential structures. Tour is led by Gulfport locals, proud of their small town.

Check [preservetheburg.org](http://preservetheburg.org) for more information as tour routes and details vary.
